

## Mineral-and Traceelementsupply

The process of the basic two –phases-supplementation serves to supplement the daily individual water-, base-, mineral- and trace elements of the body in the form of two components.

**Synoveda Base Supplement Minerals**

**Synoveda Basoredox Supplement Traceelements**

The Synoveda Base Supplement You can get it also as:  
Orange and Mint

The Synoveda Basoredox Supplement you can get it without fluor and jodine aswell

These are completed by a basic bath-supplement:  
**Synoveda Base Bathliquid**

And a body care substance:  
Synoveda Base Skin Balsam  
**Mild freshness / mild warmth**

## Ingredients

water, sodium carbonate, calcium carbonate, magnesium carbonate, potassium carbonate, potassium hydroxid, thickening material: carboxymethyl cellulose, algin, xanthan gum, zinc chloride,

Summary of each containing mineral substances:

minerals	in 100 g	in 20 g	% of daily requirement
